
Welcome to the ParaSharp Training Series

We designed ParaSharp specifically to support paraeducators, with videos, resources, and strategies that you can implement immediately to address the challenges you face every day.

What is the ParaSharp Training Series?

The ParaSharp Training Series is concise, relevant professional learning developed just for paraeducators to support you in your work with students.

ParaSharp provides:

- 3-15 minute best practice videos on situations and challenges you face every day
- Summaries and discussion guides for ongoing professional learning
- Quizzes and certificates to help you assess and track your understanding of concepts and strategies
- Planning tools to support your work with students
- Printable “Insight Sheet” reference guides for anytime reminders

Getting Started with ParaSharp:

1. Log into your account using the credentials you received in your email. Change your password to something you will remember.
2. Any videos your manager has assigned to you will display.
 - a. Click the video to view it
 - b. Click the **ParaSharp** button at the bottom right of your screen to return to the main content page
3. If no videos have been assigned, click the **ParaSharp** icon to access all content.
4. All resources display:
 - a. Videos are organized under **Training Topics**
 - b. Downloadable resources are organized under **Preparation and Tracking Tools**
5. **Training Topics** are organized by category:
 - a. Click a category to select a training topic.
 - b. Each category contains one or more brief videos to support your learning.
 - c. Any videos bordered by a yellow frame have not yet been viewed.
 - d. Where applicable, downloadable resources are available in English and Spanish.
6. Click a **Preparation and Tracking Tools** category to view and download each resource.
7. Email support@321insight for additional support.
